

Network UTP Cable & Accessories

Network cable is used to connect and transfer data between computers and a network. There are different types of network cable, and the appropriate type to use will depend on the structure and topology of your network.

SN514

UTP Cat5e 305m
TIA /EIA 568B ISO/IEC 11801
100MHz

SN614

UTP Cat6 305m
TIA /EIA 568B ISO/
IEC 11801
100MHz

SN524

FTP Cat5e 305m
